

**ABLOY®**  
HEALTHCARE ESTATES

SECURE, EFFICIENT AND  
COMPLIANT LOCKING SOLUTIONS FOR  
HEALTHCARE ESTATES

**ASSA ABLOY**

Abloy UK offers solutions to many of the security problems faced on Healthcare Estates, from compliant security doors to drug security and patient lockers, with particular success helping to improve key management and security of controlled drugs.

We understand the pressures and demanding environment in healthcare, and our products will help you fulfil compliance, improve security, increase efficiency, meet CQC standards and achieve maximum value from any investment, with bespoke cost-effective solutions.

Abloy has the capability to secure all areas of your Healthcare Estate, helping you to fulfil your Building Regulation legal requirements:

- IT and Data Centre
- Plant Room, Hazardous Materials Storage and Waste
- Office Areas - HR, Executive offices, etc.
- Drug Cabinet Security
- Lockers - Staff, Patient and Documentation
- Theatres and Labs
- Central Pharmacy
- Mortuary
- Clinical, Treatment Rooms and Wards
- Outbuildings

# A COMPLETE RANGE OF SECURITY SOLUTIONS

## PROTEC2 CLIQ®

The Protec2 CLIQ® locking system incorporates microelectronics that enable auditing and time scheduling of access rights, recording who used which key and when. The Protec2 CLIQ® system is proven to save nurses up-to 40 minutes per shift searching for keys and improve security of controlled drugs.

Protec2 CLIQ® is government approved and complies with the Controlled Drugs Regulations and is the ideal solution for Drugs Cabinets, POD lockers and Mobile Drugs Trolleys, to help you pass your CQC audit.

## eCLIQ® – THE KEY TO ELECTRONIC

The future of your Master Key locking system, whether it's perimeter gates, office doors or document cabinets. The eCLIQ® lock system is ideal for securing many areas of Healthcare Estate, it is permission based with audit traceability and is ideal for minimising the risk of lost or stolen keys, as permission can be revoked quickly and conveniently.

## TRAKA 21 KEY MANAGEMENT

Provides simple and effective key management, convenient hand-in/hand-out of keys at the beginning and end of shifts, ensuring you remain in total control of security with audit information also available.

The Traka 21 is ideal for storing CLIQ® keys for nurses and staff across all areas of your estate.

## DOORS – PERSONNEL, FIRE RATED, LPS 1175 RATED, TIMBER AND STEEL

An extensive range of Emergency and Panic Escape Doors compliant with BS EN 179 and BS EN 1125.

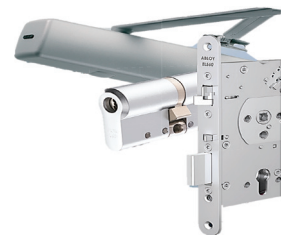

Fire Doors rated from FD30(S) to FD240(S) in accordance with BS 478 Part 22 and E30 - E240 in accordance with EN 1634-1: 2008.

A comprehensive range of Security Door sets with fitted locks, lever, cylinder and optional panic escape hardware to LPS 1175 SR2, certified by the Loss Prevention Certification Board.

## COMPLIANT DOOR FURNITURE PACKAGES

- Electric Locks - compliant with fire and panic escape standards
- Code Lock future-proof electromechanical lock systems
- Push bars and Pads
- Door Closers
- Door Hardware - Handles - Hinges - Escutcheons

## KEYLESS LOCKS – RFID AND CODED

ABLOY RFID locker locks provide a seamlessly integrated solution for secure management of POD and patient lockers that can be easily retrofitted.

## ACCESS CONTROL (SMARTair™)

SMARTair™ provides a flexible, easy to install and user friendly access control solution. It compliments CLIQ® Healthcare Solutions perfectly, to provide the full package for managing access.
